Deviations from, or objections or reservations to critical provisions such as those concerning **Performance Security, Warranty, EMD, Taxes & Duties, and Applicable law will be deemed to be a material deviation.** The Purchaser's determination of a Tender's responsiveness is to be based on the contents of the tender itself without recourse to extrinsic evidence.

27.3 The tenders will be scrutinized to determine whether they are complete and meet the essential and important requirements, conditions etc. as prescribed in the TE document.
